

# **50's Sock Hop!**

## **You Are Invited!**

**Remember all those great songs from the 50's? At The Hop! . . . Hello Mary Lou! . . . Be-Bop-A-Lula! . . . Tutti Frutti . . . and many, many more!**

**Star Ranch's very own Nude Ukes will be playing all these and more for a real, live Sock Hop! Yes, just like in the old high school gym!**

**We've been working hard on these songs. We've probably got your favorite on our play list. What a fun night it will be to hear these great tunes, dance, and sing-along with us!**

**Don't miss this chance to re-live the golden years of Rock 'n Roll with all your friends and neighbors. Even if you didn't get here until after the 50's era, you've heard a bunch of this great music through the years. Think "American Graffiti", "The Buddy Holly Story", "American Hot Wax", etc.**

**These are the songs many of us of a certain age grew up with, learned to dance to, and listened to on our transistor radios. We watched and heard Dick Clark play these tunes on "American Bandstand". We cruised through the A&W with these songs blaring from our AM radios! What fun we had!**

**Please join us for a night of music, singing and dancing. BTW, you might want to practice "The Stroll" before then.**

**Saturday Night --- October 18 --- Tara Hall --- 7:00 p.m.**

**See You There!**
